ASCENT™ TECHNOLOGY

With ASCENT™ we raised the experience of using a Mirror TV to the highest degree. To do that, we created a fully-fledged vanity mirror and an all new 42" TV – in one device. The breakthrough ASCENT™ technology lets you easily transform your TV picture inside the mirror from 13" to 42", or the other way around. This allows you watching a movie in brilliant full size mode, while one touch brings back your vanity mirror with a 13" picture. Where this 13" picture is positioned on the mirror is decided by yourself, four preset positions are available. With MAGIC MIRROR as part of this product, ad notam delivers the highest standard of picture quality when turned on, while when turned off, the TV picture completely disappears behind the MAGIC MIRROR, leaving back nothing more than your vanity mirror.
